Solvents Free	

Description

SILVASS is a non stainable lubricant used for textile embroidery and sewing industry: for spooler heads, rotary hooks, needle bar, bar driver, yarns run smoothly during Knitting, flat surfaces, head trimmer parts, spare parts, rotary systems, locks, hinges, gears, linear bearings, chains.

Special for embroidery hooks; 2 spray shots are sufficient for 10-12 hours.

It does not contain solvents, so it is suitable to lubricate plastic, rubber, fine mechanisms.

It has a good lubrication power and it does not make any carbon residue.

The mineral oil used is according to FDA directives.

Silvass helps the shuttle in different ways –

- 1) It controls the transitory temperature in different working conditions
- 2) It reduces the friction movement between the basket and the hook.
- 3) It is a non stainable oil leading to high quality production

Instructions of use

Shake well the aerosol before using. Spray the product at 15 cm distance. The bobbin should be removed before applying it. It has a small pipe that permit to apply it more easily. For professional use only.

Packaging

Spray Aerosol ml 400
Box 12 Aerosol
Product Code 11910/04
